

Special Services

A Wedding at St. John's

So you have decided to get married. Congratulations! A wedding in church offers all the advantages of a civil ceremony and God's blessing as well! At St. John's we will do everything we can to make your wedding day special.

Careful preparation is the key and that doesn't just apply to the day itself. We will help you to prepare for the new and exciting relationship of marriage that you are entering into through a short marriage preparation course. The course explores relationships and how they work well. It also looks at what the marriage service says and culminates in a full rehearsal for the "big day" in church.

After your wedding service at St. John's you could have your wedding photos taken at Warley House Gardens just a quarter of a mile away and the perfect venue for wedding photographs.

So, if you are wanting to plan your wedding and would like more details please contact the vicar, Tony Street (01422 363623)
